GSB per Gallon				\$ 3.01

Broom Rental	Sunstate	Wheeler	Cate Equipment
	\$ 1,900.00	\$ 2,030.00	\$ 2,490.00

Date: March 14, 2012

Project: Road Chips

Bid Date:

Bid Time:

Tooele County Rod

To Whom It May Concern:

Staker and Parson Companies are pleased to quote the following prices for the above mentioned project. All pricing is quoted by the standard U.S. ton. All prices need tax added to them.

<u>Product</u>	<u>Pit</u>	<u>Picked up Price</u>
C Chips	Erda	\$12.00

A \$.30 per ton fuel surcharge will be added to the price of the material quoted. The surcharge is based on today's price of fuel. As fuel prices fluctuate, material will be priced accordingly.

Prices are effective February 26, 2012. A three-percent increase on April 1, 2012.
Price is good Thru December 2012.

We appreciate your business and look forward to serving your material needs through the coming years.

Subject to material and plant availability.

Thank you for the opportunity to quote these prices. If I can be of any further assistance please feel free to call. (801-420-0214)

Sincerely,

Blake Peterson

Hi Willie,

Let me know if you get this... I haven't had your email address before, and want to make sure that this is correct.

I have attached a chip seal quote for you. Note that it shows 1,578 cubic yards. This is the quantity that I estimated to do both areas that we talked about. (1,224 cubic yards for the main 188,749 square yards, and 354 cubic yards for the other 54,557 square yards). Last year you purchased 1,413.8 cubic yards of A Chips total from us.

The total delivered price per yard based on the current fuel surcharge is \$37.43, of which \$28.85 is material and \$8.58 is freight. The freight is actually billed by the ton, currently at \$12.71, but works out to be about \$8.58 per cubic yard.

Please let me know if you have any questions about these estimates.

Thank you,

--

GSB 287 cost estimate

Mark LaBelle

to:

Rod Thompson, Willie Jaramillo

03/07/2012 10:59 AM

Hide Details

From: "Mark LaBelle" <mglabelle@gmail.com>

To: "Rod Thompson" <rthompson@co.tooele.ut.us>, "Willie Jaramillo" <wjaramillo@co.tooele.ut.us>

Rod & Willie,

It was great meeting with you yesterday. Here is the cost information for flush coating your chips with GSB 287, in the 2:1 dilute.

- 1) 91,643 square yards of Type A chips. GSB 287 to be applied on Type A chips at application rate of .08
7,400 gallons of GSB 287, 2:1 to flush Type A chips.
- 2) 97,106 square yards of Type C chips. GSB 287 to be applied on Type C chips at application rate of .11
10,700 gallons of GSB 287, 2:1 to flush Type C chips.

A total of 18,100 gallons of GSB 287, 2:1 is needed for this project.

GSB 287, 2:1 is \$3.01 per gallon, total cost of \$54,481.00

****A.S.I. cannot guarantee the price until we get within 30 days of project starting. I will guarantee your price on May 18, 2012. I will notify you if we have any price increases before then****

Also, if you decide to use any 3/8" slag chips on this project, I would want to flush those at a rate of .10 with the GSB 287, 2:1. Please let me know what chips you will be using as we get closer to your project starting.

I have reserved Leo LeBaron, from Basin Western, to do your spreading. He is reserved for the weeks of June 18th and 25th.

I greatly appreciate your business and look forward to working with you again this year. Please call me if you need anything else.

Thank you,

Mark LaBelle
